<p style="text-align: center;">Please Indicate preferred meter location</p> <div style="border: 1px solid black; width: 80%; margin: 10px auto; padding: 5px;"> <p style="text-align: center; font-size: small;">(Meters are not allowed on back of home)</p>    <p style="text-align: center;">Front of House</p> </div> <p style="margin-top: 10px;">_____</p> <p style="text-align: center; font-size: small;">Street Which House is Addressed from</p>	<p><b>PSE Trenching</b></p> <p style="font-size: small;">PSE is responsible for trenching from the main in the street to the outside of the home and setting a meter. Customer is responsible for all fuel lines from the meter to appliances</p> <p><b>Customer Trenching</b></p> <p style="font-size: small;">PSE will provide the trench from the main to the property line. The customer is responsible for trenching from the property line to the meter location. PSE will set a meter. The customer is also responsible for all fuel lines from the meter to appliances</p>

A PSE representative will review your application and determine gas availability and the cost to bring service to your residence. This application is the preliminary step to get information about natural gas service and that it is not an agreement to use gas or have gas installed. If you decide to have gas installed, a gas contract will be sent for signature to approve any associated costs.

Signature (Typed Signature is Acceptable)	Date
