

# Joint utility rebate program – Advanced Rooftop Unit Control (ARC)

## Project application

Puget Sound Energy, Seattle City Light, Snohomish County PUD and Tacoma Power offer energy rebates, up to 100% of the total cost, for adding Advanced Rooftop Controls to constant volume rooftop units.

### Advanced Rooftop Control Retrofit requirements:

1. Packaged, unitary equipment (no split systems)
2. RTU is less than 20 years old in good working order
3. Constant speed supply fan with a functional air-side economizer
4. Supply fan operates continuously during occupied hours
5. Gas or electric heat

All products must be on the BPA Qualified Products List to receive a rebate.

To view the QPL lists and/or request a product be added, visit [tradeallynetworknw.com](http://tradeallynetworknw.com)

ARC-Full	ARC-Lite	ARC-Single Phase
<b>\$1,500 per unit</b> (5 tons to <10 tons) <b>\$2,500 per unit</b> (10 tons to 20 tons) <b>\$4,500 per unit</b> (>20 tons)	<b>\$800 per unit</b> (5 tons to <10 tons) <b>\$1,000 per unit</b> (10 tons to 20 tons) <b>\$2,000 per unit</b> (>20 tons)	<b>\$500 per unit</b> (<5 tons)
<ul style="list-style-type: none"> <li>• A VFD and controller for variable speed fan operation, or a multispeed motor and controller for multispeed fan operation</li> <li>• A controller with digital, integrated economizer controls, and</li> <li>• Demand Control Ventilation based on CO<sub>2</sub> sensor readings.</li> </ul>	A VFD and controller for variable speed fan operation, or a multispeed motor and controller for multispeed fan operation	An ECM motor or VFD and controller for variable speed fan operation.

### To apply:

1. Complete the Project Application and send to your electric and gas utility (if a gas heat customer).
2. After review, your utility will send you a rebate form.
3. Sign and submit rebate form with final invoice and W9 Tax form (if assigning funds to contractor).
4. Your utility will process the rebate and send payment to the customer or assigned contractor.

**Additional documentation may be required before and/or after installation based on utility discretion.**

## Terms and conditions

**Terms and conditions of rebate offerings vary with each utility.** By submitting this rebate form Program Participants recognize that prior to payment the Utility may contact the applicant, related vendor or installer to evaluate installation information, inspect the installed product listed on this form, and request the Program Participant to submit supporting documentation. The Utility will review the project to determine eligibility and qualification for a rebate in accordance with their terms and conditions. This program is completely voluntary, and Program Participant assumes any risks of injury, property damage, and expenses that may arise during the implementation of these energy conservation measures.
